

How to find out more

Our websites

You can reach all of our websites through our homepage www.cancerresearchuk.org

About us

www.cancerresearchuk.org/aboutus provides information about the Charity's vision and purpose, how we work and some of our key successes and achievements. You can also find out more about our ambitious goals for 2020. In addition, you can access electronic versions of our Annual Review, Annual Report and Accounts and Scientific Yearbook.

CancerHelp UK

www.cancerhelp.org.uk is our award-winning patient information website. It provides a wealth of information on diagnosis, treatment and issues related to living with cancer for anyone affected in the UK. It also has a unique clinical trials database providing online information about UK clinical trials, written in plain English specifically for people affected by cancer.

Grants and research

<http://science.cancerresearchuk.org> provides information, primarily for researchers, about our work and gives details of how to apply for funding. It also provides access to annual reports from each of our core-funded research institutes, and profiles of many Cancer Research UK-funded scientists and their key publications.

News and resources

<http://info.cancerresearchuk.org> provides up-to-date information for anyone with a general or professional interest in cancer and health. Areas covered include Cancer Research UK's cancer news service and analysis and interpretation of UK cancer statistics. It features information on cancer prevention, healthy lifestyles, screening and early detection as well as highlights from our research portfolio. The website has a dedicated section for teachers and students with National Curriculum-linked content about cancer and health. In addition, all our health awareness and statistics publications are available to download free of charge.

Our annual publications are available to download as a PDF at www.cancerresearchuk.org/aboutus/whoweaare/ourreportsandaccounts/

Support us

www.cancerresearchuk.org/supportus shows the many ways in which you can support our life-saving work by giving your time or money. It also provides full listings of all the fun and exciting events taking place in your area.

By telephone

If you would like to get involved in supporting Cancer Research UK's fundraising activities in your local area, you can call **08701 602 040** to be put through to your nearest regional fundraising office.

If you have any questions about Cancer Research UK, or would like to support our work by making a donation, please call our Supporter Services team on **020 7121 6699**.

Our Cancer Information Nurse Team is available to provide information to anyone affected by cancer. You can contact the team by calling their freephone number on 0808 800 4040.
