

# Race for Life Sweepstake

Thank you for all your efforts so far to raise money for Cancer Research UK's life saving work. By now your training and your fundraising are probably well under way. Just in case your funds need an extra boost, you can use this poster to help increase your fundraising total. It's easy to use and could probably add more than

£100 to the money you raise. Don't forget that every pound you raise will help more people survive cancer.

*Together we will beat cancer*

## How this sweepstake works

(no purchase necessary)

- 1) Stick this sweepstake up at your place of work – in the staff room, kitchen, any place that people gather.
- 2) Get everyone to write their name against the time they think you will complete your Race for Life in and make a suggested donation of £1. There are no official times at Race for Life, so it is your responsibility on the day to record your own start and finish times.
- 3) Then after you have completed your Race for Life you can announce the winner who was the closest to your finish time.
- 4) The winner receives £5 and you can add the rest of the money to your sponsorship total.
- 5) That's it – it's that easy!

## Rules

- 1) Only people who work on the premises where the poster is displayed are eligible to enter and the sweepstake may not be publicised outside these premises.
- 2) Once the game is over the money should be added to your fundraising total and sent with the rest of your Race for Life funds to Cancer Research UK.
