| Publications                   | All publications (accepted or published) that are related to your CRUK-funded research. Publications can be imported automatically using PubMed ID or DOI                                                                 | Book  
Book Chapter  
Book edited  
Conference Proceeding/Conference Paper  
Consultancy Report  
Journal Article/Review  
Manual/Guide  
Monograph  
Policy Briefing Report  
Technical Report  
Technical Standard  
Thesis  
Working Paper |
| Collaboration and Partnerships | Collaborations or partnerships related to your CRUK award, which have resulted in a tangible output                                                                                                      | Research group within HEI/Research Institute  
Biotech/Pharmaceutical/Healthcare company  
Research Network/Consortium  
Charity  
Hospital/Healthcare Service  
Professional Organisation/Partnership  
Any other collaboration/partnership |
| Further Funding                | Further funding you have received as a result of the work carried out using your CRUK grant  
Do not include financial contributions from collaborators/partners – these should be recorded in the collaborations section                                                                 | Research grants  
Fellowships  
Studentships  
Scholarships  
Travel awards |
<p>| Next Destination and Skills    | Details of any member of your team who has now left, where their salary was funded by your CRUK award                                                                                                          |                                                                                                         |</p>

| **Engagement Activities**                       | Any activity where you have been talking specifically about your CRUK-funded research, or about research funded by CRUK in general  
In the title, please tell us the activity type, title and location where applicable, eg. Science stand, Glasgow Science Festival, Glasgow  
If it is a CRUK organised/related activity, please indicate in the title, eg. Science speaker, CRUK Race for Life, Manchester  
Please record all presentations at scientific meetings under “Scientific Meeting” | A formal working group, expert panel or dialogue  
A talk or presentation  
A magazine, newsletter or online publication  
Participation in an activity, workshop or similar  
Participation in an open day or visit at my research institution  
A press release, press conference or response to a media enquiry/interview  
Scientific meeting (eg. conference/symposium) |
| **Influence on Policy, Practice, Patients and Public** | Any impact on policy or practice that has occurred as a result of your CRUK-funded research.  
You can also report membership or participation in advisory/guidance committees in this section. | Implementation circular/rapid advice/letter  
Influenced training of practitioners/researchers  
Citation in clinical guidelines  
Citation in clinical reviews  
Citation in other policy documents  
Citation in systematic reviews  
Membership of a guidance committee  
Participation in a national consultation  
Participation in advisory committee  
Gave evidence to a government review |
| **Research Tools and Methods**                   | Any new research materials that you have developed as part of your CRUK-funded research. Please only report those that are making a significant difference to your research, or the research of others. | Biological samples  
Cell line  
Technology assay or reagent  
Model of mechanisms or symptoms - human  
Model of mechanisms or symptoms - mammalian in vivo  
Model of mechanisms or symptoms - in vitro  
Model of mechanisms or symptoms - non-mammalian in vivo  
Physiological assessment or outcome measure  
Improvements to research infrastructure  
Antibody |
| **Research Databases and Models**               | Any new databases, datasets or models that you have developed as part of your CRUK-funded research. Please only report those that are making a significant difference to your research, or the research of others. | Database  
Data analysis technique  
Computer model  
Data handling & control |
| **Intellectual Property and Licensing**          | Details of intellectual property that has arisen from your CRUK-funded research.  
If applicable, the output should also be reported in the appropriate section. Please only include information on outputs which can be disclosed publicly | Currently Copyright (e.g. software)  
Patent application published  
Patent granted  
Protection not required  
Trademark |

| **Medical Products, Interventions and Clinical Trials** | Medical products and interventions developed/under development as a result of your CRUK-funding. If your CRUK funding supports any clinical trials or if your CRUK-funded research has led to any clinical trials, please report them here. | Diagnostic Tool - Imaging  
Diagnostic Tool - Non-Imaging  
Therapeutic Intervention - Drug  
Therapeutic Intervention - Vaccines  
Therapeutic Intervention - Cellular and gene therapy  
Therapeutic Intervention - Medical Device  
Therapeutic Intervention - Surgery  
Therapeutic Intervention - Radiotherapy  
Therapeutic Intervention - Psychological  
Therapeutic Intervention - Physical  
Therapeutic Intervention - Complementary  
Preventative Intervention - Behavioural risk modification  
Preventative Intervention - Physical  
Preventative Intervention - Nutrition and Chemoprevention  
Management of Diseases and Conditions  
Health and Social Care Services  
Support Tool - For Fundamental Research  
Support Tool - For Medical Intervention  
Products with applications outside of medicine |
| **Artistic and Creative Products** | Any artistic or creative outputs which are related to your CRUK-funding | Artefact (including digital)  
Image  
Artwork  
Composition/Score  
Creative Writing  
Film/Video/Animation  
Artistic/Creative Exhibition  
Performance (Music, Dance, Drama, etc) |
| **Software and Technical Products** | Technologies that you have developed as part of your CRUK-funded research which have had a significant impact on your research, or the research of others. | Web tool/Application  
Software  
e-Business Platform  
Grid Application  
Physical Model/Kit  
New Material/Compound  
New/Improved Technique/Technology  
Systems, Materials & Instrumental Engineering  
Detection Devices |
<p>| <strong>Spin Outs</strong> | Private (for-profit or not-for-profit) organisations which you have established or developed as a result of your CRUK-funded research | Spin out/start up organisations |</p>

<tr>
<td><strong>Awards and Recognition</strong></td>
<td>Any significant awards/recognition made to you or a member of your research team in recognition of your CRUK-funded research. Awards specific to your institution should not be included.</td>
<td>Research prize&lt;br&gt;Medal&lt;br&gt;Awarded honorary membership, or a fellowship, of a learned society&lt;br&gt;Appointed as the editor/advisor to a journal or book series&lt;br&gt;Poster/abstract prize&lt;br&gt;Attracted visiting staff or user to your research group&lt;br&gt;NIHR Senior Investigator/Clinical Excellence Award&lt;br&gt;National honour e.g. Order of Chivalry, OBE&lt;br&gt;Prestigious/honorary/advisory position to an external body&lt;br&gt;Personally asked as a key note speaker to a conference&lt;br&gt;Honorary Degree</td>
</tr>
<tr>
<td><strong>Use of Facilities and Resources</strong></td>
<td>Details of any shared facility or service which you have used to realise the outputs reported against your CRUK award.</td>
<td>Biobank&lt;br&gt;Proteomics service&lt;br&gt;High throughput screening&lt;br&gt;Patient cohorts</td>
</tr>
<tr>
<td><strong>Other Outputs and Knowledge/ Future Steps</strong></td>
<td>Use this section to tell us about anything that you feel is important which cannot be included in any other section. Please do not report outputs here which are applicable to other sections of the question set</td>
<td></td>
</tr>
