5. eGMS GUIDELINES
‘BEFORE YOU SUBMIT’ – CHECKLIST

Please ensure you complete everything in this list before you submit your application.

☐ Does your application have a title?

☐ Is your research proposal uploaded in the Pioneer Award template?

☐ Are your references uploaded as a separate document?

☐ Have you added all your publications with a full author list?

☐ Have your supporting roles completed their tasks?

☐ Is your research abstract correctly structured?

☐ Is your CV fully complete?

☐ Is your project start date at least 1 month after the funding Committee meeting?*

☐ Is your research proposal within the page limit?

☐ Have you provided all the specific costing details?

* Please note, you can change the start date when you activate your Award after you have received the Grant Award Letter (GAL).
1. INTRODUCTION

1.1. PURPOSE OF THE GUIDELINES
These guidelines explain what we’re looking for in an application to our Pioneer Award. To get your application right first time, you will need to read these Application Guidelines (including the eGMS guidelines in Section 5) and the Costs Guidance. You can access these by clicking on the icons below.

Before you start, please also read our grant conditions for our T&Cs and administrative guidelines.

1.2. ABOUT CANCER RESEARCH UK
Our vision is to bring forward the day when all cancers are cured. In our research strategy, we’ve clearly articulated our ambition to accelerate the progress of cancer research over the next 20 years, so that by 2034 three in four people diagnosed with cancer will survive for at least ten years.

We are increasingly looking to fields outside of the biomedical sciences to bring novel ideas, new technologies, and different approaches to help us accelerate progress. In order to realise our ambition we have launched the Pioneer Award which aims to fund high-risk, high-reward ideas that could help us better understand, prevent, diagnose and treat cancer.
13. WHAT IS THE PIONEER AWARD?

Our Pioneer Award offers £200,000 to encourage innovative ideas from any discipline that could be groundbreaking in tackling cancer. It will support high-risk, high reward research that, due to its novelty and lack of supporting data would be unlikely to secure funding through traditional mechanisms.

- Funding for your idea up to £200,000 over two years
- Judged by a funding committee of innovators and entrepreneurs with diverse backgrounds
- Awarded through our quick and easy application process

2. SCHEME GUIDELINES

2.1. WHAT IS THE REMIT OF THE SCHEME?

The Pioneer Award will fund proposals that are truly novel, innovative have the potential to break new ground in cancer research and due to the high-risk nature of the idea are not likely to receive funding through more traditional funding schemes.

We won’t fund clinical trials or preliminary data gathering.

2.2. WHO CAN APPLY?

2.2.1. APPLICANT

We welcome applications from individuals and teams, regardless of background, vocation or career stage. However, we won’t fund BSc, MSc or PhD students. We will fund projects across a breadth of disciplines, including (but not limited to):

- Biomedical Research
- Software development
- Technology
- Engineering and physical sciences
- Behavioural, population and health sciences

You don’t need an outstanding track record or vast quantities of evidence to back you up (although any you do have will be taken into account) – we’re interested in your idea’s potential. You’ll need to agree to our grant conditions before you submit your application.

2.2.2. HOST INSTITUTION

All our awardees are hosted in the UK, in academic or non-academic institutions or commercial entities. Please contact us to check if your host institution is eligible or if your host institution is a commercial entity.
2.3. WHAT WILL WE FUND?

Funds can be used to cover directly incurred costs of research i.e. equipment, consumables, salaries for supporting staff.

Funds cannot be used for either directly allocated (including estate costs) or indirect costs on individual research awards. Awards are provided on the understanding that the host institution will meet directly allocated and indirect costs (previously referred to as overhead costs). You may not use the Pioneer Award to fund MSc or PhD studentships.

We expect the lead applicant to be in receipt of a salary. If this is not the case, we would expect the applicant’s position to be underwritten by their employing institution for the duration of the Award. However, CRUK is willing to consider requests for the lead applicant’s salary to be covered by the Award – these requests will be considered on a case-by-case basis. Please contact us prior to submission for more information.

Please read our costs guidance for more information about eligible costs. Please contact us, if there are any costs that you would like to request but are not covered by the cost guidance.

2.4. INTELLECTUAL PROPERTY

Intellectual Property (IP) resulting from the Pioneer Award will be managed by CRUK’s commercial arm, Cancer Research Technology (CRT). There may be specific circumstances when you can make alternative arrangements, but please contact us before applying.
3. THE PIONEER AWARD PROCESS

3.1. PROCESS OVERVIEW

We fund Pioneer awards through a unique process that focusses on your idea. Applications are:

- **Open all year round** – although the funding Committee meets three times a year (deadlines will be published on our website), you can submit your innovative idea at any time.
- **Concise** – you have **2 A4 pages** to describe your idea.
- **Quick** – you could receive funding **within four months** after applying.
- **Anonymous** – we’ll focus on the potential of your idea.

1. **SUBMIT AN IDEA**

You will be asked to submit an abstract and brief research proposal, excluding any identifying information to enable your application to be judged anonymously based on the quality of your idea.

2. **COMMITTEE SHORTLISTS IDEAS**

All ideas will be considered by the Pioneer Award Committee, with the best ideas shortlisted and invited to pitch. Unfortunately, we are unable to provide feedback at this stage.

3. **YOU PITCH THE IDEA**

Applicants progressed to the final stage of the process will be given **5 minutes** to ‘pitch’ their idea to the Committee, followed by a **10-15 minutes Q&A** with the Committee. Shortlisted candidates will be fully briefed beforehand on what to expect at the pitch. Funding decisions will be made on the day.

4. **WE FUND THE IDEA**

After the pitch you can expect to hear **within a week** whether your idea will receive funding or not, with the Grant Award Letter issued **within a month** to kick-start your research. All applicants will receive a feedback letter after the pitch meeting.
3.2. HOW TO APPLY

You’ll need to submit your application online using our Grants Management system, eGMS. Please read our eGMS guidelines in section 5 for information about how to use the system.

Please inform your host institution that you intend to apply; your application will only be submitted to us once they have approved it. Please contact us if your host institution is a commercial entity.

3.2.1 SUPPORTING ROLES

Table 1 shows the supporting roles you’ll need to add to your Pioneer Award application, and the tasks they’ll need to complete in eGMS. Our eGMS guidelines in section 5 describe the supporting roles, and explain how to fill in that section of eGMS.

<table>
<thead>
<tr>
<th>Supporting roles</th>
</tr>
</thead>
<tbody>
<tr>
<td>ADMINISTRATIVE SUPPORT</td>
</tr>
<tr>
<td>• Complete the ‘Agree to participate’ task in eGMS</td>
</tr>
<tr>
<td>CO-INVESTIGATOR</td>
</tr>
<tr>
<td>• Complete the ‘Agree to participate’ task in eGMS</td>
</tr>
<tr>
<td>• Complete ‘Collaborate on application’ task and submit a CV to eGMS</td>
</tr>
<tr>
<td>COLLABORATOR</td>
</tr>
<tr>
<td>• Complete the ‘Agree to participate’ task in eGMS</td>
</tr>
<tr>
<td>JOINT LEAD APPLICANT</td>
</tr>
<tr>
<td>• Complete ‘Agree to participate’ task in eGMS</td>
</tr>
<tr>
<td>• Complete ‘Collaborate on application’ task and submit a CV to eGMS</td>
</tr>
<tr>
<td>LEAD APPLICANT (you)</td>
</tr>
<tr>
<td>• Complete the ‘Complete full application’ task</td>
</tr>
<tr>
<td>NAMED RESEARCH STAFF</td>
</tr>
<tr>
<td>• Complete the ‘Agree to participate’ task</td>
</tr>
<tr>
<td>• Complete the ‘Collaborate on application’ task and submit a CV to eGMS</td>
</tr>
</tbody>
</table>
3.3. RESEARCH PROPOSAL

Please use the template for the research proposal, which can be found on eGMS in the upload section of the Pioneer Award application. This is your opportunity to describe your idea. You can submit a maximum of two A4 pages (including one figure) to tell us your idea and its potential.

Your idea will be judged on the extent to which it:

- Is truly novel, innovative and revolutionary
- Taking a novel approach, and/or tackling what would be considered an intractable problem
- Has the potential to break new ground in cancer research
- Unlikely to be funded through other traditional (CRUK) funding mechanisms

Remember that, initially, your idea will be considered anonymously to ensure your idea is judged on its quality alone. Therefore please don’t include references, costs, your name, or your institution or organisation’s name (this includes names of collaborators) in any part of your research proposal or abstract. References should be uploaded as a separate document to the research proposal.

Please note, that we’ll collect necessary identifying information during the application process, but only the anonymous research proposal will be released to the Committee during shortlisting.

If you are shortlisted to attend the pitch meeting, we may request additional information on application costs and/or your salary (if this has been requested).
4. ADDITIONAL INFORMATION

4.1. USEFUL DOCUMENTS AND LINKS

For help completing your application, you can use the following resources:

- **Policies that affect your grant**
- **Grant conditions** – includes a link to our Privacy Policy, which details how we’ll use your data under the Data Protection Act 1998
- **Pioneer Award FAQ**

4.2. USEFUL CONTACTS

For help with submitting your application via eGMS, please contact:

**Grants helpline**
Tel: 0203 469 5452

For queries regarding scientific remit and eligibility please contact:

**Pioneer Award**

For queries regarding patent and IP considerations, please contact:

**CRT**

    Appendix 1: AMRC Full Economic Cost form guidance ..........................................................20
5. INTRODUCTION

5.1 PURPOSE OF THESE GUIDELINES

These guidelines explain how to apply for one of our research funding awards, using our online application system - eGMS.

You should use them as you progress through the eGMS application on your computer screen (they won’t make sense on their own!).

Before you start, please also read our grant conditions for our T&Cs and administrative guidelines.
6. GETTING STARTED IN eGMS

6.1. EGMS OVERVIEW

To complete your eGMS application you need to carry out a series of tasks. You’ll be invited by email to complete each one.

6.2. SYMBOLS

You’ll see a number of symbols throughout the application process (shown in Table 1). These symbols help indicate what you need to do to complete each task.

Table 1

eGMS symbols

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Add" /></td>
<td>Use this button to add information to your application (e.g. supporting roles, costs etc.)</td>
</tr>
<tr>
<td><img src="image" alt="Edit" /></td>
<td>Use this button to edit information you’ve already entered into your application (e.g. to edit costs).</td>
</tr>
<tr>
<td><img src="image" alt="Complete" /></td>
<td>This symbol means the information in this section is complete. All sections should show this symbol if your application is complete.</td>
</tr>
<tr>
<td><img src="image" alt="Incomplete" /></td>
<td>This symbol means that essential information is missing. eGMS will tell you what’s missing. You’ll need to complete this essential information before you can submit your application.</td>
</tr>
<tr>
<td><img src="image" alt="Attention" /></td>
<td>This symbol means optional information is missing. eGMS will tell you what’s missing. You can choose to complete or leave this information – you can still submit your application if some optional information is missing (although we recommend you complete it if possible!).</td>
</tr>
</tbody>
</table>

6.3. FUNCTIONAL BUTTONS ON EGMS

You’ll also see a number of buttons as you progress through your application. These buttons help you save information and move between sections.
6.4. LOGGING IN TO EGMS

First, you’ll need to access our [eGMS homepage](#), (you can find this by googling ‘CRUK eGMS’).

If you’ve applied for one of our research awards before, you’ll already have an eGMS account. If you’re new to eGMS, you can create an account by clicking ‘Register Here’. If you’re not sure if you’ve made an account before, please contact the [grants helpline](#).

Once you have an account, you can log in as shown in [Figure 1](#).

![Figure 1 - Logging in to eGMS](#)

6.5. TIMESCALE OF AN APPLICATION

Once you’ve chosen which award you want to apply to, you’ll be able to see the deadline for the next round of funding, which is shown as the ‘due date’ of your task. Getting your application right might take longer than you think, so make sure you leave plenty of time to finish it. Anyone who is assigned a supporting role in your application will also need to complete their tasks before you can submit your application (section 4).
If your application requires Host Institution Approval (which is the case for most full applications, but not some preliminary applications), your Host Institution needs to approve your application before the deadline, so make sure you inform them before you start your application, and submit your application several days early to give them time to approve it. To do this, you’ll need to know the correct research office contact who can approve your application – please find this out before you start.

Please remember that, although the application deadline is at midnight, your administrative authority will probably finish work by 5pm (as does our helpline)! We can’t accept applications that haven’t been approved by your Host Application by the deadline.

6.6. STARTING AN APPLICATION

Once you’ve logged in, click ‘Apply for Funding’ to start a new application. Select your chosen award from the list, and click ‘continue’ to begin. If you can’t find the award you’re looking for on the list, it’s probably a Closed Scheme which means you’ll need to contact us to start an application. The office will open an application for you, that’ll be open the next time you log in to eGMS. This is indicated on eGMS, and in your application guidelines.

Whenever you log in after you’ve started your application, you can continue by selecting a task under the ‘My Tasks’ header on your homepage, which lists all your incomplete tasks. To view all tasks that you’ve been assigned (including completed tasks), click the ‘View All My Tasks’ button.

6.7. ELIGIBILITY TASK

For some awards, you’ll be asked to do an eligibility task. This involves answering some questions to check you’re eligible before you can start your application. For information about eligibility, please read the application guidelines for your chosen award.

If you’re eligible, you’ll be assigned the ‘Complete Full Application’ task (see section 3). If your scheme doesn’t require an eligibility task, you’ll be assigned the ‘Complete Full Application’ task straight away.
7. THE ‘COMPLETE FULL APPLICATION TASK’

In the ‘Complete Full Application’ task you’ll input/upload all of your application information (contact details, research costs, research proposal etc.).

The task involves a series of sections, which you can access by clicking on the tabs (left-hand side). Once you’ve finished all these sections, they’ll be compiled into a PDF for submission. You’ll be able to view and save this PDF before submitting.

Please refer to the specific application guidelines for your chosen award. If you have trouble, use the contacts in section 10 of these guidelines, or read the ‘common problems and how to solve them’ in section 9.

7.1. PROPOSAL OUTLINES

In this section, you’ll need to fill in the following details:

- Select your administrative authority from the drop-down list. This is the office at your Host Institution that’s responsible for confirming financial details and approving your application. (It’s important to get this right, or your application might not be sent to the right administrative authority in time for the deadline). If your chosen Host Institution isn’t listed on eGMS, please contact us.
- Give your project a title in the box provided. Please write your title in Sentence Case (not all capitals), and don’t put a full stop at the end.
- Select your proposed start date, which should be between 2 and 5 full months after the next funding committee meeting for your chosen award. Dates can be found on the relevant committee webpage.
- Input your proposed duration for the award. Please read our application guidelines for information about the duration of your chosen award.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.2. CONTACT INFORMATION

In this section, please provide us with full contact details using the + symbols.

Your Host Institution is where you’ll carry out the majority of your research. If your chosen Host Institution isn’t listed on eGMS, please contact us. Please include both your institution and your department in your address.

If you’ve applied before you’ll already have contact details saved. These will be automatically entered into your application, and any changes you make will update your saved contact details. You can also view and change your contact information by clicking on the ‘Profile’ tab on the eGMS homepage, followed by ‘View My Contact Details’.
After completing this section, click ‘Save and Continue’ so you don’t lose your details.

### 7.3. APPLICANT INFORMATION

In this section, please answer the questions about your role in your application.

- **‘Are you applying for your own support?’** – Select ‘yes’ if you’re applying for your own salary. Check our [application guidelines](#) to find out if you can apply for salary funding in your chosen scheme.

- **‘Number of hours for this project’** – Total the weekly hours of all research staff that will contribute to your project. Check the ‘Supporting Roles’ section of your [application guidelines](#) to see how many hours per week each research staff member will need to contribute.

Please read [section 7.7](#) of these guidelines for definitions of research staff.

After completing this section, please click ‘Save and Continue’ so you don’t lose your details.

### 7.4. CV POSTS AND QUALIFICATIONS

In this section, please supply details of your academic qualifications and posts using the + symbol. You can add up to six academic posts (if you’ve got more, choose the most recent or relevant). Any details you enter will automatically be stored in your Master CV for future CRUK applications.

If you’ve applied before you’ll already have a Master CV and its information will automatically be entered into your application. Any changes you make will update your Master CV. You can also view and change your Master CV by clicking on the ‘Profile’ tab on the eGMS homepage, followed by ‘View Master CV’.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

### 7.5. CV PUBLICATIONS

Here you should supply details about your research publications using the + symbol. Please provide full references, listing all authors (don’t write ‘et al,’ if you do your application will be returned to you for resubmission). Please only include publications from the last five years (unless you’re applying for a Programme Foundation Award, a fellowship or a bursary, in which case you need to include all your publications). There’s a 5000-character limit, so we recommend you choose your most recent or most relevant publications.

Again, if you’ve applied before, you’ll already have a Master CV containing information about your publications, which will be updated with any new information you enter.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.
7.6. EQUAL OPPORTUNITY

Please complete the information in this section, but it won’t be included in the application PDF that gets sent to the Committee.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.7. SUPPORTING ROLES

In this section, submit the names and roles of the other researchers who’ll be involved in your research. Follow the on-screen instructions to add a supporting role.

Table 2 shows the different supporting roles that can be added to your application. You might not need to add all these - please check your application guidelines to see which are necessary, and for any award-specific requirements (e.g. hours per week).

They’ll need to complete these tasks before you can submit your application. When you add supporting roles, please click ‘Save and Close’. This will notify the named people that you’ve added them to your application and email them a link to join eGMS (if he/she is already registered, they won’t need to re-register). If they don’t respond, you can re-notify them by clicking ‘re-notify’.

If you need to delete a supporting role from your application, please contact the grants helpline.

Table 2

<table>
<thead>
<tr>
<th>Supporting roles</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>ADMINISTRATIVE SUPPORT</strong></td>
</tr>
<tr>
<td>Someone who’ll give you (the lead applicant) administrative support.</td>
</tr>
<tr>
<td><strong>CO-INVESTIGATOR</strong></td>
</tr>
<tr>
<td>Someone who’ll give significant intellectual input to your research. They’ll also be responsible for the day-to-day running of some of your work.</td>
</tr>
<tr>
<td><strong>COLLABORATOR</strong></td>
</tr>
<tr>
<td>Someone who’ll supply research materials, specific expertise or patient access, but won’t be involved in the day-to-day running of your research.</td>
</tr>
<tr>
<td><strong>HEAD OF DEPARTMENT</strong></td>
</tr>
<tr>
<td>The head of the department where most of your research will take place. They’ll need to guarantee any necessary resources and lab/office space for the duration of your award.</td>
</tr>
</tbody>
</table>
**J OINT LEAD APPLICANT**
Someone who’s essential to the programme and who’ll contribute the same amount of time and intellectual input to your research as you (the lead applicant).

**LEAD APPLICANT (PRINCIPAL INVESTIGATOR)**
The principal investigator of your research proposal.

**NAMED RESEARCH STAFF**
Any named research staff that will be involved in your research.

**SUPERVISOR**
Someone who’ll be involved in your training programme and give you advice and support for your research.

**RESEARCH ASSISTANT**
Someone who’ll assist in the day-to-day running of your research, but won’t be responsible for intellectual input.

**MENTOR**
A senior academic who’ll provide you with independent support and advice for the duration of your award/fellowship. Please only select one individual to act as your official mentor.

**ACADEMIC REFEREE**
Someone who’ll provide a letter stating your suitability to hold the award/fellowship.

**7.8. RESEARCH ABSTRACT**
In this section, please add a research abstract (up to 400 words) in the box. We recommend you write this abstract in Word and copy it into eGMS to save your work being lost. Please write your abstract using the following headings:

- Background
- Aims
- Methods
- How the results of this research will be used

Please tick the ‘publishable abstract’ box to give us permission to send this abstract to peer reviewers.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

**7.9. DATA SHARING PLAN**
In this section, you should outline your Data Sharing Plan, explaining how you intend to adhere to Cancer Research UK’s data sharing policy. This policy requires you to make your
You should consult the CRUK data sharing policy and the supporting guidelines and FAQs as you fill in this section. (Please note that applicants for the Population Research Committee only should leave this section blank and complete the more detailed CRUK Template for a Data Management Plan.)

In your Plan, you should consider outlining the different types of data your research will generate; any potential restrictions on data sharing; and plans for curation, storage and preservation of the data during your grant and, if applicable, in the longer term. You should explain how you will make your data discoverable by other researchers in your field, and the means by which other researchers will be able to access your data.

7.10. RESEARCH FEATURES

In this section, you’ll be asked a series of questions about your proposed research.

If you’ll use animals in your research, you must follow the ‘Guidelines for the Welfare and Use of Animals in Cancer Research’ (Workman et al, British Journal of Cancer (2010) 102, 1555 – 1577 – cite this reference in any publications resulting from your research). You’ll also need to demonstrate that you’ll replace, refine and reduce animals in your research according to guidance from the NC3Rs. If you plan to report in vivo experiments, please provide information in concordance with the ARRIVE guidelines.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.11. COSTS

In this section, please supply the costs that you’re requesting from us as part of your award. Please add all and only the costs you’re requesting from us under the relevant headings, and justify them in the ‘Justification for Support Requested’ section of your research proposal (for some schemes, this may be in the appendix upload). Table 3 explains the kind of information we’re looking for under each heading.

Please read costs guidance for information about eligible costs. For award-specific costs information and to find the maximum value you can request for your award, please see your application guidelines.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.
Table 3
Adding costs to an application in eGMS

| EQUIPMENT | Under this heading, please list the costs for all the equipment you’d like to request on your award.  
| --- | --- |
|  | • Please list all your requested equipment for the duration of the award in year 1.  
|  | • Any equipment costs £5,000 should be included as a running expense  
|  | Please read our costs guidance for information about eligible equipment costs, and justify your costs in your research proposal appendix. |
| STAFF POSTS | Under this heading, please list the costs for any research staff that you’d like to request on your award. Please read our policy on funding salaries for Senior Scientists and PhD students to check you comply with our terms.  
| --- | --- |
|  | • If you’re requesting funding for PhD students, you’ll need to list these as running expenses rather than as staff (see below).  
|  | • If you’re requesting salary funding for yourself or any staff salaries, you can notify us of any incremental salary rises due within the first 11 months of your award. Please enter the value and date of the increment (the date must be the 1st of the month). After the first year, we’ll add an annual salary increment.  
|  | Please read our costs guidance for information about eligible staff costs, and justify your costs in your research proposal appendix. |
| RUNNING EXPENSES | • Please cost all general running expenses for your proposed research. Where possible, please break these costs down into work packages (rather than listing individual items). For example microscopy costs, massively-parallel sequencing costs, etc.  
|  | • If you’re requesting funding for PhD students, please list them as a running expense for the full amount in the first year of the studentship. We pay a fixed rate for all our PhD students* (detailed in costs guidance) so please request exactly this amount (no more, no less!). All running costs relevant to the PhD student will be paid under the studentship, so please don’t list them again separately.  
|  | • *If you’re applying for an award from the Population Research Committee, different funding costs may apply for PhD students, please check your application guidelines.  
|  | • Please list all animal costs under ‘animal-related costs’, with animal purchase, animal maintenance and experimental animal costs under separate subheadings. Please fully justify any animal research in your research proposal  
|  | Please read our costs guidance for information about eligible running expenses costs, and justify your costs in your research proposal appendix. |
7.12. OTHER FUNDING

In this section, tell us about any research funding you currently receive. Details about any CRUK funding you or your supporting roles currently receive as the lead applicant will be entered automatically (funding you receive as a supporting role won’t be entered). Please add details of any other funding that you or your co-investigators currently hold.

If you don’t currently receive any other funding, please indicate in the box, or leave this section blank.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.13. AMRC – FULL ECONOMIC COST INFORMATION

Please use this section to input the total cost of your proposed research programme. This information won’t be included in your final application.

- Full Economics Cost – Please enter the total cost of your proposed research.
- Charity Contribution – Please enter the total amount you’re requesting from CRUK.

For further information on our Full Economic Cost policy, please see Appendix 1.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.14. RESEARCH CLASSIFICATION

Please use this section to tell us about the cancer-focus of your proposed research.

- Add as many disease sites as required, up to a total of 100%
- Define how much of the project works on childhood cancers (up to 100%)

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.15. BIOMARKER RESEARCH

If your research proposal involves biomarker research, please complete the drop-down menus in this section. Otherwise, leave this section blank.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.16. UPLOADS

Use this section to upload all the necessary documents for your application. You’ll need to read the ‘uploads’ section of your application guidelines to see which documents you need. The application guidelines also explain the format and content of any uploaded documents. Some of these might have a template, which you can select and download from the list on the Uploads page.
When they’re ready, you can upload your documents by selecting the document type and clicking ‘Upload’. Make sure you don’t have a pop-up blocker activated on this page, or you might not be able to access the upload window.

After completing this section, click ‘Save and Continue’ so you don’t lose your details.

7.17. GRANT CONDITIONS

Please read and agree to our grant conditions. By submitting your application to us, you’re agreeing to be bound by our grant conditions, as amended from time to time.

7.18. REVIEW AND SUBMIT

This page will tell whether or not your application is complete.

<table>
<thead>
<tr>
<th>Complete</th>
<th>This symbol means the information in this section in complete. All sections should show this symbol if your application is complete.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Incomplete</td>
<td>This symbol means that essential information is missing. eGMS will tell you what’s missing. You’ll need to complete this essential information before you can submit your application.</td>
</tr>
<tr>
<td>Attention</td>
<td>This symbol means optional information is missing. eGMS will tell you what’s missing. You can choose to complete or leave this information – you can still submit your application if some optional information is missing (although we recommend you complete it if possible!).</td>
</tr>
</tbody>
</table>

Once all sections are complete (showing a green tick or blue ‘i’), make sure all your information is accurate, and click ‘View PDF’ to view your completed application. We recommend you save a copy of this PDF – you won’t be able to access it after submission.

Finally, when you’re ready to submit your application, please click the pink submit button. Your application won’t be submitted until you’ve clicked this button.

After submitting your application, your Host Institution will be set a task to approve it and notified by email. Make sure you give them warning and plenty of time to do this or your application might be late. You’ll be notified when your Host Institution has completed their approval task.

Your Host Institution can send your application back to you for amendment. In this case, your application will be reopened. Once you’ve made the requested changes, you can
resubmit to your Host Institution. If they’re happy, they’ll approve and submit your application.

Next, we will check the content of your application then progress it to the next meeting for consideration.
8. TASKS FOR SUPPORTING ROLES

This section is for you if you’ve been added as a supporting role to an application in eGMS. You’ll need to be registered on eGMS (see section 2.6 for how to register), and will be invited to complete tasks via email. If you have more than one task, you’ll be assigned the second task after you’ve submitted the first task. Table 4 explains the tasks that different supporting roles will need to complete.

Make sure you click ‘submit’ after completing your task.

Table 4
Supporting roles

<table>
<thead>
<tr>
<th>TASK NAME</th>
<th>WHAT’S NEEDED</th>
<th>WHO DOES THIS TASK?</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCEPT APPLICATION PARTICIPATION</td>
<td>In this task, you’ll be asked to do three things: 1. Agree to Cancer Research UK’s grant conditions. 2. Explain what you’ll contribute to the research proposal. 3. State how many hours per week you’ll be dedicate to the research</td>
<td>• Joint Lead Applicants  • Co-investigators  • Some Named Research Staff  • Head of Department  • Administrative Support  • Mentor  • Academic Referee</td>
</tr>
<tr>
<td>COLLABORATE ON APPLICATION</td>
<td>Depending on your award, you may be asked to do any of the following in this task:  • Complete your ‘CV Posts and Qualifications’, and ‘CV Publications’, as explained in Sections 3.4 and 3.5.  • Accept our grant conditions.  • Upload a document (e.g. a letter of support)  eGMS will explain what to do, and you can find more information in your application guidelines.</td>
<td>• Joint Lead Applicants  • Co-investigators  • Head of Department  • Mentor  • Academic Referee  • Some Named Research Staff (see your application guidelines)</td>
</tr>
</tbody>
</table>

You’ll need to complete all of your tasks before your lead applicant can submit their application.
9. COMMON PROBLEMS AND HOW TO SOLVE THEM

9.1. I NEED TO RESET MY PASSWORD

Use the link on the eGMS login page to reset your password. You’ll be emailed a new password. Please don’t include any brackets when you copy this password into eGMS. If you have trouble, contact the grants helpline.

9.2. I CAN’T FIND THE SCHEME I WANT TO APPLY FOR

Your scheme might be Closed Scheme (this will be indicated in eGMS and in your application guidelines). Please contact the grants helpline for information about how to apply to a Closed Scheme.

9.3. I CAN’T UPLOAD MY RESEARCH PROPOSAL

You might have a pop-up blocker activated, which might prevent the upload window from opening. Try deactivating it. We’ve also found that using Internet Explorer (rather than another web browser) can help solve this issue, so you could give that a go too. If that still doesn’t work or if you have a different problem, contact grants helpline.

9.4. I NEED TO CORRECT A MISTAKE IN MY SUPPORTING ROLES SECTION

Contact the grants helpline for help with amending supporting roles information.

9.5. WHEN DO I NEED TO GET APPROVAL FROM MY HOST INSTITUTION?

Not all applications need approval from your Host Institution (some preliminary applications don’t, please check your application guidelines). Once you submit your application, it’ll be sent to your Host Institution for approval. They need to approve your application before the deadline, so make sure you give them plenty of time.

9.6. I HAVEN’T HAD CONFIRMATION OF MY APPLICATION

You might not have clicked the ‘Submit’ button on the last page of your application. If you’ve done this but haven’t received confirmation, contact the grants helpline.
10. ADDITIONAL INFORMATION

10.1. USEFUL CONTACTS AND RESOURCES

If you need extra help completing your application or using eGMS, please use the following resources:

- FAQs: accessible within eGMS
- Grants helpline (for eGMS-related queries): 020 3469 5452 or grants.helpline@cancer.org.uk
- Your award’s Research Funding Manager (for remit/content-related queries): You can find their contact details on our website or in your application guidelines.
APPENDIX 1: AMRC FULL ECONOMIC COST FORM GUIDANCE

Full economic costing information (applicants based in UK Higher Education Institutions only)

As a member of the Association of Medical Research Charities (AMRC), we monitor the full economic costs (fECs) of the research we support. Unlike some other funding bodies, AMRC member charities don’t fund the fECs, or a proportion of these. Please provide figures including the standard indexation rate used by your institution to calculate fECs. Only universities that are using TRAC costing methodology should enter actual values in the form.

Acceptance of a grant, if awarded, will imply that the institution is prepared to meet the full economic costs from its own sources of funding.

Monitoring the full economic costs of charity-funded research in UK HEIs

Background

AMRC issued updated guidance to its members and to universities regarding its position on changes to costing research applications and the move to a system of estimating fECs in 2004. AMRC member charities do not fund the indirect costs on grants awarded to UK universities as a matter of principle. The move to funding on a percentage basis by other types of funders, such as the research councils, is unlikely to be adopted by the charity sector in the foreseeable future; the reasons for this decision are set out in AMRC’s position statement and guidance document.

Following the 2004 Spending Review, the Government recognised the importance of charity funding in universities and announced that a separate stream of funding, administered by HEFCE to English universities, would be introduced from 2006/07 to provide additional support for charitable research. The allocation of the Charity Research Support Fund (CRSF) in England will be based on the amount of income from eligible charities; most AMRC member charities will be eligible for the CRSF. AMRC member charities have agreed that it would be helpful to collect information about the full costs of the research they support, in order to develop a better understanding of the charity contribution, inform future discussions about the CRSF and to assess future sustainability.

Applicants and host institutions should note that the data sought is for monitoring purposes only and will not form part of the peer review or decision-making process that AMRC members use.

Elements of the new cost headings are:

Directly Incurred Costs: these include the direct costs of research and it’s assumed these are included in the funds for which you’re applying to CRUK for. They may include:
- Staff (e.g. research assistant salaries)
- Consumables and other costs directly attributable to the project
- Equipment
- Travel and subsistence

**Directly Allocated Costs**: these are shared costs, based on estimates and don’t represent actual costs on a project-by-project basis. Previously, these costs came under the ‘indirect costs’ heading but the following items will now be calculated separately:

- **Investigators**: the time spent by the Principle Investigator and Co-Investigators will be calculated and costed. (Cancer Research UK is unlikely to fund these costs).
- **Estates**: the way these are calculated may vary between institutions. Different categories of space will be costed differently, for example laboratory space will be different to office-based costs. (Cancer Research UK is unlikely to fund these costs).
- **Other Directly Allocated**: these include the costs of shared resources, such as staff and equipment. (Cancer Research UK is unlikely to fund these costs).

**Indirect Costs**: these costs are necessary for underpinning research but cannot be allocated to individual projects, and cover computing and information support, central services, general maintenance and other infrastructure costs. Indirect costs will be calculated separately by each HEI, according to TRAC methodology. (Cancer Research UK is unlikely to fund these costs).

For further information regarding AMRC’s positions on funding in universities, please refer to the web pages at: [http://www.amrc.org](http://www.amrc.org).
