Cucumber Mint Fruit Cooler

Ingredients
- 2 seedless cucumbers, chopped
- 2 cups green grapes
- 3 kiwi fruit, peeled
- 1 large bunch (15–20 sprigs) of fresh mint
- Juice of 2 limes
- 1 cup of water
- Optional serving suggestions: Lime wedges, sliced kiwi, frozen grapes

Method
1. Place the cucumbers, grapes, kiwi, mint, lime juice, and water in a blender and blend until it is super smooth.
2. Place a fine-mesh strainer over a large bowl or pitcher and pour the puree through the strainer into the bowl/pitcher. Press on the pulp to extract as much juice as possible. Discard the pulp.
3. Chill the cucumber fruit juice for at least an hour before serving.
4. Pour the juice as is into glasses filled with ice and garnish with lime wedges, frozen grapes, sliced kiwi, additional cucumber, and mint sprigs.
