

## **Independent National Cancer Advisory Group: Terms of Reference**

### **1. Remit**

To advise and assess on progress of implementation of Achieving World Class Cancer Outcomes (AWCCO). The group is independent of Government, the NHS Arms Length Bodies<sup>1</sup> and the National Cancer Transformation Board.

### **2. Main responsibilities**

- Scrutinise and assess progress on implementation of AWCCO
- Advise on approaches to implementation, provide challenge where necessary
- Horizon scan for upcoming issues
- Report annually to the CEOs on the FYFV Board and the Secretary of State for Health
- Subgroup to act as moderation panel for the CCG Improvement and Assessment Framework

### **3. Membership**

- Harpal Kumar, Independent Chair
- Charlotte Beardmore, Society and College of Radiographers
- Nicola Beech, Royal College of Nursing
- Emma Greenwood, Cancer Research UK
- Johnathan Joffe, Royal College of Physicians
- Kate Lee, CLIC Sargent
- Suzy Lishman, Royal College of Pathologists
- Jane Lyons, Cancer 52
- Giles Maskell, Royal College of Radiologists
- Delyth Morgan, Common Cancers Coalition
- Paul O'Flynn, Royal College of Surgeons
- Linda Pepper, patient representative
- John Reeve, patient representative
- Richard Roope, Royal College of General Practitioners
- Fran Woodard, Macmillan Cancer Support
- TBC, Faculty of Public Health

Members will serve for the term of the Strategy, however the organisations they represent should determine if membership needs to change in discussion with the Chair. In addition, other attendees will be invited to join for relevant discussions as appropriate.

### **4. Meetings**

2 – 3 times a year.

### **5. Reporting lines**

Advises the National Cancer Transformation Board, which in turn is accountable to the FYFV Board.

**Next update due: March 2017**
