Get the traditional look

- For the traditionalists, this classical scheme will always have a timeless appeal and will no doubt last for years to come, ideal if you’re a creature of habit.

- Begin with tartan, and accent with festive foliage. Don’t be afraid to carry the bold festive patterns throughout the home, especially with our Merry Christmas Doormat and Red Tartan Fleece Throw.

- Make a statement with Christmas’ most quintessential colourway. The burst of winter berry accents, combined with a lush pop of green from a fir tree will accentuate this seasonal trend and add life to your home during the dreary months.

- And to finish off for fully festive feels, Christmas’ notable mascot, the reindeer, deserves a well-earned focal point in your living space. We recommend the Large Standing Patterned Reindeer, placed by your tree or perhaps in your welcome area.

“Don’t be afraid to carry the bold festive patterns throughout the home.”

How to make a bauble wreath

You will need:
- Pliers
- Craft Wire
- Pack of baubles
- All purpose glue
- Artificial or fresh foliage

Step 1
Form a wire circle, of the preferred wreath size and measure the wire twice the length. Cut the appropriate length twice, and create a small loop on one end of the wires (this stops the baubles rolling off when you are threading).

Step 2
Thread your baubles (ideally different sized) onto the wires, keeping in mind the circular shape. To create depth, switch between threading the baubles onto both wires (this will create layers) then back to threading on just one wire.

Step 3
When the wire is full, and you’ve finished threading, twist the wire around the original loop made in step 1 and fasten securely. You may wish to glue a couple of additional baubles on, if there are any large gaps.

Step 4
Finish by attaching some artificial or fresh foliage with some glue. Once completely dry, hang your finished wreath on your front door for all to admire.
