WHAT YOUR MONEY CAN BUY

Every donation, big or small makes a huge difference...

£2, the cost of a coffee, buys a box of microscope slides, just like the ones used in breakthroughs such as the discovery of temozolomide, which has saved the lives of many thousands of people

£5 kits one of our ground-breaking research labs with essential chemicals needed for day-to-day experiments, helping to beat cancer sooner

£15 kits out one of our scientists with vital items to protect them in the lab so they can carry out life-saving research

Thank you so much!

Cancer Research UK is a registered charity in England and Wales (1089464), Scotland (SC041666) and the Isle of Man (1103).
